Revision f4999b64 - 12/20/2018 09:42 AM - Daniel Dehennin

The "eosfunc.uploaded_files()" is unknown when loading DHCP forms

The code is loaded as python3 and the "file()" function does not exist anymore.

- creole/funcs/uploadedfiles.py (uploaded_files): replace "file()" call with "open()".

Ref: #26317
