Révision 6cfd40e3 - 17/06/2020 16:12 - Philippe Caseiro

Adding SSL support to eole-redis.

Ubuntu don't build redis with SSL support so we use Stunnel to fill the gap.

Here we add Stunnel full EOLE integration and Redis specifics.

Maybe later we will want to have a specific package for eole-stunnel.

ref #30338
